Admissions Policy Secondary School

1: Introduction

In order to assist parents/guardians in relation to enrolment matters this policy is informed by the regulations and programs of the Department of Education and Skills (DES), the provisions of the Education Act, 1998, and the Articles of Management for voluntary secondary schools. The policy also takes account of other relevant legislation relating to education, e.g. Education (Welfare) Act 2000 and Equal Status Acts 2000 and 2004.

2: Our School

St Kilian's is a fee-paying mixed secondary school. We prepare students for the

Junior and Leaving Certificate and operate within the regulations laid down by the Department of Education and Skills. We aim to provide a comprehensive European education. We share our facilities and an educational project (Eurocampus) with the Lycée Français d'Irlande (LFI) for the junior cycle.

The school has a bilingual or multi-lingual focus catering for students of German, Irish and other descent with a particular emphasis on the German language and culture. We teach to the high standards of the Leaving Certificate, however, we go beyond these standards for the subject of German. We offer a bi-lingual Leaving Certificate in German language, literature and history as well as the Sprachdiplom at levels 1 and 2.

3: Mission Statement

St. Kilian's is a German – Irish school with a strong European focus. We offer a diverse, inclusive yet challenging environment, enriched with a strong sense of Irish, German and European culture. We foster independence of thought, a love of learning, personal responsibility, confidence and integrity. Our aim is to enable all our students to fulfill their potential and to take their place in an ever changing world. Our mission, as an educational community, is the pursuit of excellence from Kindergarten to Leaving Certificate.

Ethos

St. Kilian's School is a German – Irish school with a European culture and spirit. It is a co-educational, interdenominational school spanning the full educational cycle from Kindergarten to Leaving Certificate.

It is named after the Irish saint, Kilian, who was known for his love of study and who travelled through Europe as a missionary. St Kilian's school cherishes the values and traditions of Europe's Christian civilisation.

We are committed to creating and nurturing a caring environment where the individual's dignity and integrity are affirmed and valued in an atmosphere of honesty, trust and compassion. St. Kilian's welcomes all peoples regardless of culture, tradition and religious denomination, to share its community and educational experience.

4: Curriculum

The school program covers six years. This includes a Transition Year in class 10. The State Examinations taken by the students of the school are the Junior Certificate and the Leaving Certificate. The subjects are offered in accordance with curricular regulations of the Department of Education and Skills and for German in accordance with the Guidelines provided by the *Zentralstelle für Auslandsschulwesen* and the *Bundesverwaltungsamt (ZfA and BVA)*.

9: Enrolment of Children with Special Educational Needs

St Kilian's welcomes students with special needs and will use the resources, both financial and personnel, provided by the Department of Education and Skills to make reasonable accommodation for students with disabilities or special educational needs.

While recognizing and fully supporting parents' rights to have a school of their choice for their children, the school's ability to accommodate students with particular needs is dependent on the supply of resources, suitable to the needs of the individual student, being supplied by the Department of Education and Skills.

The school welcomes applications from students with special educational needs unless the nature and degree of those needs is such that to enroll the student concerned would be inconsistent with both the best interests of the student concerned and the effective provision of education for the other students with whom the student concerned is to be educated.

The school must be made aware of any special needs as early as possible, so that these needs can be assessed and addressed where possible. It may take some time for the

Department of Education and Skills to process such applications.

Parents are requested to outline the details of a child's special educational needs on the application form.

The school, having gathered all relevant information and professional documentation, assesses how the needs of these students can be met.

As soon as is practicable, but not later than 21 days, after a parent/guardian has provided all the relevant information, the school shall make a decision in respect of the application concerned and inform the parents/guardians in writing thereof. (Education Welfare Act – Section 19(3)).

10: Appeal

The decision on admission to the school is taken by the Principal. An appeal is possible to the Board of Management in accordance with section 29 of the Education Act (1998).
