# Our priority for students is...

- To ensure that students are happy to come to school and feel supported.
- For students to feel part of the St. Kilian's community. (School clubs, extra curricular involvement and school events)
- To develop their academic capabilities throughout their secondary schooling.
- To help students to explore areas they like and enjoy, that help develop their personal skills and attributes.
- To leave St. Kilian's as confident, independent, resourceful young people as they move forward in their lives.

# We can best support our students by...

**Checking in with students to see how they are getting on to see...**

- What is going well for them
- Any areas of concern

and

- To see what can be done to address any difficulties

**Receiving communication from parents/guardians in relation to any information that would be relevant for us to know.**
